<p>CB Values Awards</p> 	<p><u>Perseverance</u> Alfie 1SR</p> <p><u>Compassion</u> Jasmyn 2RR and Zulkifi 1CT</p> <p><u>Friendship</u> Elias 4AH</p>	 <p>Electricity Savers</p>	<p>6RD</p>
 <p>Citizen of the week</p>	<p>Year 5- For completing science week.</p>	 <p>Tidy Classroom</p>	<p>3BR</p>
		<p>Key Stage 1 Value Voucher Winners</p>	<p>Leo 1AL and Zayan 1AL</p>
		<p>Key Stage 2 Value Voucher Winners</p>	<p>Alex 3JM and Isabella 6RD</p>

Attendance:

Well done to this week's attendance winners– 3BR

Your support for your child's education is invaluable and the benefits pupils gain from being at school every day cannot be underestimated. Thank-you!

This week we have shown our Christian value of **creativity**.

Seen from a Christian perspective, all of life is a 'gift', entrusted by a loving creator God to humankind for a purpose. This purpose is glimpsed as the creative spirit within each person learns to value and explore, celebrate and enjoy this world in all its mystery and diversity. With this gift comes a mutual responsibility to ensure the creation is not spoiled, but rather sustained and shared by all.

This week we have enjoyed SAW week: a week that brings the subjects of Science, Art and Writing together. This year our theme has been 'Growth' and we have thought about the physical growth of plants and animals but also the growth of ideas within Science. God has given us all gifts and this week has given us the chance to show them through being creative in art and our writing but also our scientific ideas. Maybe one day this creativity will go on to change the world!

Well done for completing the Manchester 10K marathon

Delighted to announce that we've been awarded Platinum School Games Mark for this academic year. Thank you to our school community for making this happen!

A letter has been sent out this afternoon, with exciting details of our raffle and event this year. If you are able to support us in anyway please get in touch.

Nursery

Nursery have been planting giant sunflowers outside and learning about how they grow as part of SAW Week. We made signs to label how tall they get.

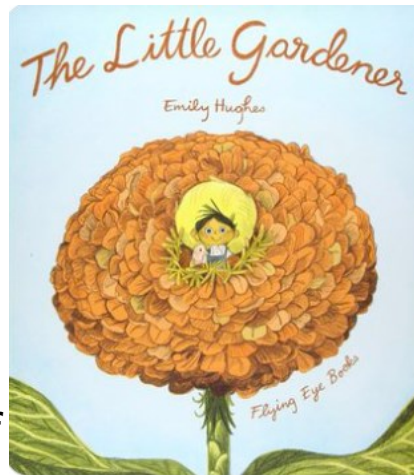

Year 1

Year 1 planted their potatoes for the 'Sow the City' experiment. We can't wait to see them grow!

Year 2

Here we are in Year 2 sharing setting descriptions about the garden in 'The Little Gardener' by Emily Hughes. Some of us wrote about the miserable garden at the beginning of the story and some of us wrote about the vibrant, full garden that the gardener was proud of at the end.

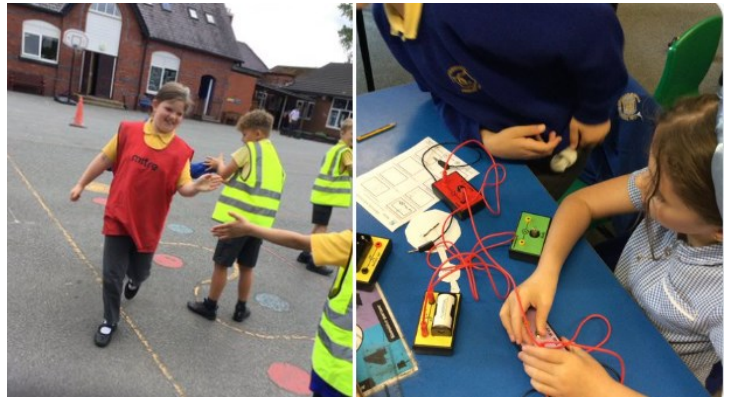

Year 3

Year 3 have been creating art work based on our SAW week theme 'Growth'. They made beautiful line work using different gradients of pencil.

Year 4

Year 4 have had an amazing workshop with hands_science. Thank you to James for teaching us all about electricity, how to make a circuit and how to draw accurate circuit symbols. We ended our session by thinking about growth. We had so much fun!

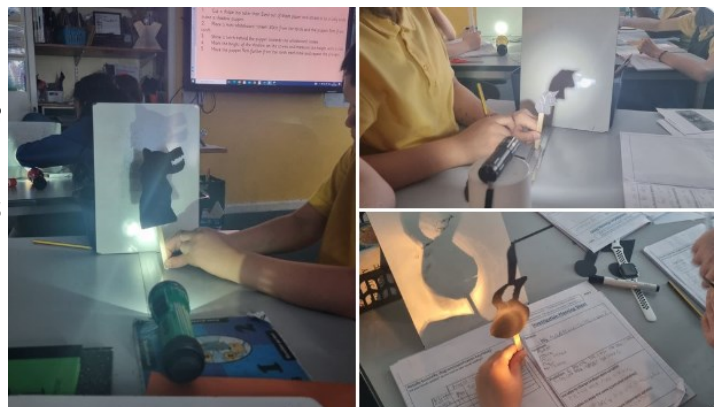

Year 5

Year 5 have worked collaboratively to recreate this famous piece of art. Can you guess what it is?

Year 6

Year 6 have been experimenting with light. Our question is 'What affects the size of a shadow?' We conducted experiments and completed results tables

Science week

Eco News

This week, we've been exploring ways to promote biodiversity at home, such as with a bug hotel in your garden. Building a bug hotel is an eco-friendly and fun way to provide shelter for beneficial insects like bees and ladybugs. Plus, it's a great way for kids to learn about the importance of ecology!

Our children have got so excited about this idea, and this is what they had to say about it:

You should make a bug hotel..

- So bugs don't get stepped on.
- So the rain doesn't hit them.
- Because it keeps bugs safe.
- Making bug hotels at home is good fun and a great activity for families to do!

Because there's tons of bugs in your yard and you need to protect them, otherwise they could die.

Why should families look after the bugs in our garden?

- So the ecosystem keeps working.
- Because if we don't, eventually we won't have any.

Looking for an exciting new project you can do from the comfort of your home? Look no further than this awesome guide from RSPB to make a homemade bug hotel! Check it out here: <https://www.rspb.org.uk/get-involved/activities/nature-on-your-doorstep/garden-activities/build-a-bug-hotel/>.

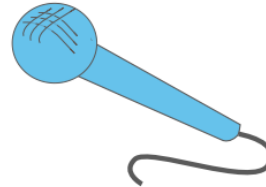

Infant Choir

Thursdays 4.30pm - 5.00

A fun session for children aged 4-7 to start singing as part of an ensemble. Students will learn a variety of simple songs and chants chosen to improve both their singing and listening skills.

Love performing with us

CHOIRS

Junior Choir

Thursdays 4.30pm - 5.15pm

A wonderful opportunity for children aged 7-11 to start singing as part of a larger ensemble. Students will perform new arrangements of popular songs and start to sing in harmony, learning vital ensemble and listening skills along the way.

Youth Choir

Thursdays 6pm - 7pm

For ages 11-18, Tameside Youth Choir is an exciting new development allowing budding singers to perform with a brilliant ensemble. We rehearse and perform a variety of repertoire ranging from pop to musical theatre. Ideal for anyone with an interest in singing and looking to build their confidence.

We rehearse every week during term time
at Birch Lane Centre, Birch Lane, Dukinfield, SK16 5AU
and perform in regular concerts around Greater Manchester
For more information please contact - Email: musicservice@tameside.gov.uk
