

Year 2 Learning Project Week 9 - Ascension Day

This week's learning project looks a little bit different; that is because this Thursday (21st May) is an important day in the Christian calendar - Ascension Day.

Ascension Day marks 40 days since Jesus rose on Easter Sunday and is the day Jesus permanently rose to Heaven to be with God.

Unfortunately, we can't mark this special day together but hopefully this week's learning will help. As always, we'd love you to share your learning with us; you can do this by emailing us photographs to admin@canonburrows.co.uk or twitter@canonburrows.co.uk. You can also tag us on Twitter (@canon_burrows) or Facebook (Canon Burrows CE Primary School). We can't wait to see what you have done.

Because this week is a bit different, the activities are not organised into days; instead you might want to do one or two boxes a day.

Photography

Ascension Day is a perfect time to think about our amazing world that God has created; this will be our focus for our entries for this year's Spirited Arts Competition – a competition we have previously won. As part of your learning this week, we would like you to take photographs that answers the question '**Where is God?**' for you. We would love you to write a few sentences to explain your photographs too.

Please send your photographs and explanations to admin@canonburrows.co.uk, using **Spirited Arts Competition** as your subject. We will choose the best to be submitted to the national competition.

Reading

Read the information about Ascension Day using the Power Point on your home learning page. Discuss what happened after Jesus died and rose again at Easter.

Read the Ascension Day information sheet together. Can you use the information to answer the questions about Ascension Day? The answers are there to help you too.

Writing

Write the story of Pentecost.

You can use the PowerPoint to help you remember the main events. You could even fold some paper to create a book and draw some pictures to go with your story.

Wondering

Talk about . .

- What is Heaven like?
- Why is Ascension a special celebration in the church year?
- What was it like to be there at the first Pentecost?

Create

Can you draw or paint a picture of what you think heaven might be like?

Can you create a piece of art – a picture or sculpture – that shows something you are grateful for in God's world.

Can you take a photograph to show 'Where is God?' for the Spirited Arts Competition?

Be Active:

Can you create a dance that shows how Jesus ascended to heaven?

Go for a walk and find the most amazing thing that God created.

Recommendation at least 2 hours of exercise a week.

STEM Challenge

You will need a paper/plastic cup, some paper and some string.

Can you make the picture of Jesus go up into the cup? How will you do it? What will you need to do to make sure the whole of your picture can fit in your cup?

And don't forget about . . .

These are lots of other things to keep you busy if you need them.

- Visit [the BBC website](#) for lots of year 2 lessons.
- Visit [the Oak Academy](#) for even more year 2 lessons.
- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Numbots](#). Your child can access this programme with their school login.
- IXL- Click here for [Year 2](#) . There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs](#) Learning packs with a range of different activities and lessons. There are notes on how to do these activities with your children.
- Why not explore this prayer map using the link below.
