

W/C 8.06.2020: Learning Project - Around the World

Age Range: Year 2

Please don't forget to send some of your child's learning to our [padlet page](#), our twitter page [@canonburrows](#), our new facebook page Canon Burrows CofE or to admin@canonburrows.co.uk. We can't wait to see your learning!

Weekly Reading Tasks	Weekly Phonics Tasks
<p>Please see the reading PDF document for week 12. This will give you the weekly layout for you to follow with your child. Your child can listen to this week's story by watching Miss Muzyka read the story 'Here We Are' by Oliver Jeffers on our google drive (see home learning page for link.)</p> <p>Extra weekly fun reading activities: Ask your child to look through their books and identify any places from around the world by looking at the illustrations. They could also look through a magazine or newspaper and find the names of different countries.</p> <p>Follow the story Here We Are with your child. What makes our world so special? Using the story, your child can make a list.</p> <p>Help your child to look through cookery books for a recipe originating from another country. Ask them to use decoding skills to read some of the ingredients. Why not make it if you have the ingredients!</p> <p>Use an atlas or a map and locate countries that make up the UK. Your child can then locate a contrasting country such as Brazil or Kenya. What is different? What is the same?</p> <p>Follow the story When I Coloured in the World. What would your child change about the world? Task them with drawing a picture of their ideal world.</p>	<p>Monday- The word 'around' contains the sound 'ou'. Ask your child to list as many words as they can containing the 'ou' sound. Your child might identify words that contain an alternative spelling for 'ou' such as ow.</p> <p>Tuesday- Practise spelling days of the week using different materials in the house. Can they find materials to match the colours of the UK flag?</p> <p>Wednesday- 'Where', 'would', 'people', 'clothes' and 'water' are some of the words that children in KS1 need to be able to spell. Can your child use these to write sentences about a contrasting country?</p> <p>Thursday- Can your child list places from around the world using the alphabet? Can they add an adjective before each place that starts with the same letter? <input type="text"/> See if you can come up with one for every letter, some letters might be quite difficult!</p> <p>CHALLENGE: Why not send your instructions to our padlet, twitter, facebook or our admin email address above so that we can write back to you!</p> <p>Friday- Recognise vowel and consonant digraphs and blending by playing this game or add suffixes playing this game.</p>
Weekly Writing Tasks	Weekly Maths Tasks- Subtraction

<p>Monday- Ask your child to create a leaflet about a place in the world they would like to visit/have visited. Include the weather, landmarks and cuisine.</p>	<p>Monday- Get your child to have a go at the online game for subtraction facts up to 20.</p>
<p>Tuesday- Draw a picture of 10 different pieces of fruit or vegetables from around the world and label them using adjectives e.g. fresh, juicy pineapple.</p>	<p>Tuesday- Give your child a number between 1 and 100 and ask them to list how many ways they could make the number using subtraction.</p> <p>E.g. 58 $65 - 7 = 58$ $70 - 12 = 58$</p>
<p>Wednesday- Your child should watch this lesson on instruction writing. https://www.thenational.academy/year-2/english/to-write-a-set-of-instructions-year-2-wk1-5</p> <p>Your child could write a set of instructions for a meal they would love to share with family and friends. They can use illustrations too.</p> <p>CHALLENGE: Why not send your instructions to our padlet, twitter, facebook or our admin email address above so that we can write back to you!</p>	<p>Wednesday- Get your child to write a subtraction number bond to or within 10 - e.g. $9 - 4 = 5$ or $7 - 2 = 5$. Can they use these facts to find out the subtraction facts up to 100? E.g. $90 - 40 = 50$ and $70 - 20 = 50$.</p> <p>Once your child has completed this, they could have a go at the attached challenge sheet on the home learning page which focus' on their knowledge of the link between the bond 9 and 90.</p> <p>For the challenge, your child can make their own yummy chocolate bar up to the value of 90grams. Every chocolate bar must have 50grams of chocolate but the rest is completely up to you! How many different chocolate bars can you come up with? Why not draw a picture of the best one you create!</p> <p>Here is mine! $90g - 50g$ chocolate mix = 50g $50g$ chocolate mix - 20g biscuit pieces = 30g $30g - 30g$ honeycomb = 0g. My chocolate bar is 50g chocolate mix, 20g biscuit pieces and 30g honeycomb which makes the 90g!</p> <p>CHALLENGE: Why not send your instructions to our padlet, twitter, facebook or our admin email address above so that we can write back to you!</p>
<p>Thursday- Your child could write a letter to a friend or a family member who lives in a different part of the world - describe where they live and describe school. Think of questions to ask about where they live and about their school.</p>	<p>Thursday (theme)- Look at flags from around the world either in books or on the internet. Ask your child to list any shapes they see and name the properties of the shapes they find. Ask your child how many lines of symmetry the flag has.</p>
<p>Friday- Visit the Literacy Shed for this wonderful resource on The Black Hat or your child could write their own version of When I Coloured in the World.</p>	<p>Friday- Encourage your child to practise different ways to subtract by playing these different activities.</p>

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about countries and cities around the world. Learning may focus on different cultures and traditions, famous landmarks, food and clothing.

- **Flags-** Look at [flags from around the world](#) with your child. Discuss which are your child's favourites and why? Ask your child to recreate their favourite; this could be

through drawing, collaging etc. Can they place the flag on a map? There are some quizzes that your child can have a go at [here](#). Can they create their own quiz about the UK?

- **Dance Around the World-** Watch the following dances: [Diwali Stick Dance](#), [Maypole Dancing](#) and [Spanish Flamenco Dancing](#). Encourage your child to have a go at some of the moves used in these videos. Record the dances and ask your child to evaluate what they did well and what they could do even better when watching them back. Can your child recreate one of the costumes using items from their wardrobe? Perform the dance to a family member.
- **Food Tasting Fun-** Find some different fruits from around the world. This could include: mangos, kiwis, pineapples, bananas. Encourage your child to try them and have a discussion about which ones they liked and which ones they did not like. Cut the fruits open and task your child with sketching the inside of each fruit. Remind them to look closely at the patterns and shapes.
- **Where in the World? -** Have a discussion with your child about your own family heritage. Discuss with them your traditions and where your family originates from. This may be where you live now or it could be somewhere completely different. Ask your child to create a poster or PowerPoint all about their own family. Can they include a map identifying the country they're from?
- **Speak the Language-** There are lots of different ways to say hello around the world. Learn how to say hello in Spanish, French, Mandarin, German, Arabic and Italian with your child using [Google Translate](#). Practise writing hello using the colours of the flag for each country.

STEM Learning Opportunities & sciencefromhome

Engineering Around the World - World's Largest Steel Structure

- The Bird's Nest is the world's largest steel structure and was built in China for the 2008 Olympic Games. It is made out of 26 miles of steel.
- Use strips of paper, card or wool to create your own bird nest style building. You might like to search for photos of the 'Birds nest' to help you with your design.

Additional learning resources parents may wish to engage with

- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Numbots](#). Your child can access this programme with their school login. Your child also has access to TTROCKSTARS.
- IXL- Click here for [Year 2](#) . There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs](#) Learning packs with different activities and lessons. Includes notes on how to do these activities with your children.
- [Y1 Talk for Writing Home-school Booklets](#) and [Y2](#) are an excellent resource to support your child's speaking and listening, reading and writing skills.
- Your child might like to explore the activities on PICTURE NEWS - attached to home learning page.

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above. Equally, if the projects are too challenging, then we advise that your child access the projects for the key stage below.
