

W/C 08.06.2020: Learning Project - Around the World

Age Range: Y5

| Weekly Reading Tasks | Weekly Spelling Tasks |
|--|---|
| Monday- Encourage your child to read the world news section of a newspaper. Discuss with them what they have found out. | Monday- Challenge your child to complete an alphabetical list of cities from around the world. Where possible, include capital cities. |
| Tuesday- Visit https://traveltriangle.com/blog/famous-towers-in-the-world/ and read about the fascinating towers around the world. Which one is your favourite? Why? Using any method: D&T exploded diagram, PowerPoint, 3D model, or annotated drawing, design your own tower, thinking about where in the world it should be, its features and purpose. We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet. | Tuesday- Ask your child to record the meaning, an example sentence using the word, associations, synonyms (word with the same/similar meaning), antonyms (word that has the opposite meaning) and a dictionary definition of the following words: appreciate , guarantee and occupy . |
| Wednesday- Click here for a reading activity about The Lost World . Challenge your child to read the text in 3 minutes and complete the questions. | Wednesday- Can your child complete this prefix challenge from Talk for Writing? Ask your child to choose 5 words and apply them into different sentences. |
| Thursday- Ask your child to read an age-appropriate story from another culture. This could be from their own collection, Google Books or Oxford Owl . | Thursday- Ask your child to mind map words they associate with Manchester and words they associate with Johannesburg (see here). This will support a later task. We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet. |
| Friday- Ask your child to summarise a book they've read this week in 100 words. Alternatively, they could summarise the main events in the form of a cartoon strip. | Friday- Pick 5 Common Exception words from the Year 5/6 spelling list . Task your child with choosing 4 words that have something in common and an odd one out. |
| Weekly Writing Tasks | Weekly Maths Tasks- Multiplication and Division |
| Monday- Visit the Literacy Shed for this wonderful resource on The Blackhat or your child write a description about their ideal world. We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet. | Monday- Get your child to test their times table knowledge by finding the products and factors in this game . Can they work through all of the levels? |
| Tuesday- Your child can pick a city of choice and create a travel leaflet all about it. Make sure that they include information on: weather, travel time, key tourist spots, | Tuesday- Play multiplication war with your child with a deck of cards. Flip two cards over and multiply. Whoever has the highest product keeps the cards. Ask your child what |

| | |
|---|---|
| accommodation and the local cuisine. We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet. | the inverse division fact would be. Use 3 cards as a challenge. |
| Wednesday- Listen to Zahra . Discuss what the story is about and how we know Zara is from a different country. Ask your child to rewrite the story of Zahra. | Wednesday- Encourage your child to practise their column multiplication and short division with these missing digit games. Can your child make their own versions? |
| Thursday- Use the story of Zahra to ask your child to create an advert to support WaterAid . What persuasive language could they use? How could they make their advert eye-catching? | Thursday (theme)- Choose three or four countries and record the temperature over the course of a week for each of the countries in a table. Your child can draw a line graph showing each country's temperature each day across the week. We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet. |
| Friday- Ask your child to create a poster which will assist younger children to learn about where the continents, particular countries and oceans of the world are. It must provide key facts and an imaginative layout/design to get children to learn where key places are around the world. | Friday (other)- Give your child the digits 3, 7, 8, 0, 6 and ask them to make as many whole numbers as they can. How can they be sure they have found all the potential numbers? After, give them five different digits and ask them to repeat. Do they find the same amount of potential numbers? If so, why could this be? |

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about countries and cities around the world. Learning may focus on different cultures and traditions, famous landmarks, food and clothing.

- **Flags of the World-** Flags are a national symbol for all countries. Cultures use different symbols and colours on their flags which are meaningful to them and represent their history and people. Ask your child to pick 5 countries and investigate their flags. What symbols and colours have they used? Why are these significant to this country? Can your child create a flag for the UK which they feel represents our culture, history and people? Share at #TheLearningProjects.
- **Tastes of the World-** Children all around the world eat a variety of food and many of the foods we eat today are inspired by other countries. Can your child research and make a dish from another country which they have not tried before? They could find a recipe, source the ingredients via an online shop and follow the recipe to create a dish for the whole family.
- **International Games-** As part of the London 2012 Olympics a variety of countries were asked to name a traditional game which represented their culture and traditions. These can be [seen here](#). Ask your child to research these games and take inspiration from them to design their own game. Encourage your child to think about how the game is played, how you win and what equipment is needed. Where possible, they should test their game and make any changes needed. Ask them to present their game through writing and pictures. These could be handwritten or digital. **We would love to see your work: please email it to use, send to the school Twitter or upload it to the year 5 Padlet.**
- **From Manchester to Johannesburg-** Direct your child to think about what it would be like to live in another country. Do they think their life would be the same or completely different? Use the [following clip](#) to compare living in Manchester to Johannesburg. Ask your child to show the similarities and differences between their life and Nwabisa's life in South Africa. They may wish to show this in a Venn diagram, table or a poster.

- **Exploring the World-** Throughout history many people have explored new places. You can find out about some of them [here](#). Ask your child to pick an explorer from the list or one of their choice. They could map out the places that the explorer visited or they could create a piece of art inspired by the places they visited using digital images as support. They may wish to write a diary entry from the explorer's point of view to share what they have seen and experienced.

STEM Learning Opportunities #sciencefromhome

Engineering Around the World – Telescopes

- The James Webb telescope will be the largest, most powerful and complex space telescope ever built and launched into space in 2021.
- The telescope will be launched into space using a rocket, this means it will have to be strong enough to withstand the vibrations during the launch. Use an egg to represent the telescope and design a rocket that will surround and protect the egg/telescope during the launch.
- For more information and ideas look [here](#).

Additional learning resources parents may wish to engage with

- **Picture News** – Each week, Picture News choose a news story, provide an image and a thought-provoking question to encourage children to engage with current affairs and think deeply. Please see the attached document on our year group home learning page titled 'Learning from Home Ideas' which will be uploaded each week. A good opportunity to think about and include our school Christian Values in responses to the learning ideas and questions.
- **BBC Bitesize** - Lots of videos and learning opportunities for all subjects.
- **Classroom Secrets Learning Packs** - Reading, writing and maths activities for different ages.
- **Twinkl** - Click on the link and sign up using your email address and creating a password. Use the offer code UKTWINKLHELPS.
- **White Rose Maths** online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- **Times Table Rockstars**. Your child can access this with their school logins. On Times Table Rockstars, children should aim to play Soundcheck for 20 minutes daily.
- IXL online. Click here for [Year 5](#). There are interactive games to play and guides for parents.
- **Mastery Mathematics Learning Packs**. Take a look at the mastery mathematics home learning packs with a range of different activities and lessons.
- **Y5 Talk for Writing Home-school Booklets** is an excellent resource to support your child's speaking and listening, reading and writing skills.
- **Topmarks.co.uk**- Maths games for all ages can be found here.
- **Myminimaths.co.uk** - arithmetic and reasoning practice.
- <https://mathsbot.com/5Question%20Generators> – maths games and questions.
- **Make sure you show us your learning on our [Padlet](#) so that Miss Gaskell and Miss Bardsley can comment!**

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above. Equally, if the projects are too challenging, then we advise that your child accesses the projects for the key stage below.
