

W/C 15.06.2020: Learning Project - Music

Age Range: Y3

Summer Reading Challenge 2020 - Silly Squad!

The theme for the challenge this year is 'Silly Squad' – a celebration of funny books, happiness and laughter. The Silly Squad are a team of animal friends who love to go on adventures and get stuck in to all different kinds of funny books. It's fun, friendly and absolutely free! This year, for the first time ever, children can sign up to take part in Silly Squad online. All they have to do is read 6 books and collect rewards along the way with plenty of fun free activities to help. Children can sign up here www.sillysquad.org.uk. We would love as many of you as possible to take part in the challenge and share your participation with us on Twitter or Facebook so we can see how you are getting on. Happy Reading everyone!

A message from Tameside Libraries:

Over the years Tameside Libraries have offered an excellent 4 week programme of free fun activities over the summer holidays. Sadly that will not be possible this year. However, we will be offering a Digital Activity Programme over the summer; details of the programme and full details of the challenge can be found here www.tameside.gov.uk/libraries/src

Take a look at our Year 3 Home Learning Page for the Summer Reading Challenge newsletter and PowerPoint.

Weekly Reading Tasks	Weekly Spelling Tasks
<p>Monday- Look with your child at this poster pack of musical styles. Read through the information for each musical style and find a song to listen to. Ask your child to identify their favourite music styles giving reasons for their choice.</p>	<p>Monday- Ask your child to learn to spell the names of an instrument from each of the instrument families (strings, woodwind, brass, keyboards, and percussion).</p>
<p>Tuesday- Guided Reading Victorian Britain – Toys. Page 22- 23.</p> <ol style="list-style-type: none"> 1) What was the favourite toy in most nurseries in the Victorian era? (Retrieval). 2) Why do you think that poor children had dolls made from a wooden spoon or wash peg? (Inference). 3) What do you think the text suggests about Victorian parents when it states, 'Victorian parents wanted to buy their children <u>educational</u> toys'? (Words in context). 4) What was a popular Sunday game? (Retrieval). 	<p>Tuesday- Practise spelling these words: measure, treasure, pleasure, enclosure. Can your child write a definition for each of these words?</p>

<p>The Tunnel – Anthony Browne Page 19 – 20</p> <ol style="list-style-type: none"> 1) Look at the picture. The boy is standing as 'still as stone'. What could have happened to him? (Inference) 2) Which word shows that the girl was upset to find her brother like stone? (Words in context). 3) How would you feel if you found someone turned to stone and why would you feel this way? (Summarise how you would feel at this point in the story). 4) How do you think that the girl knew she couldn't run any further? (Deduction) 	
<p>Wednesday- Ask your child to find the lyrics to their favourite song and highlight some creative words used, finding out the meaning of new words.</p>	<p>Wednesday- Ask your child to unscramble these musical words: empot, demloy, epslu, narhmoy & rrecsttuu.</p>
<p>Thursday- Visit Audible and let your child choose a book to listen to. Ask them to write a review when they have finished (free audio books available).</p>	<p>Thursday- Memory. Write as many of your spellings down from memory as you can. How many did you recall? Practise any you have missed.</p>
<p>Friday- Your child can listen to BBC School Radio music episodes here. These episodes are based on Treasure Island and your child will learn new songs.</p>	<p>Friday- Practise the Y3/4 spellings in this fun, interactive way. Encourage your child to note down any words they are unfamiliar with and clarify them.</p>
<p>Weekly Writing Tasks</p>	<p>Weekly Maths Tasks- Shape</p>
<p>Monday- Visit the Literacy Shed for this wonderful resource on Once in a Lifetime or take part in a writing masterclass.</p>	<p>Monday- Encourage your child to watch this video about angles and learn the names of different angles such as right angles, obtuse and acute angles.</p> <p>Model Monday sheet using 10p coins. (Maths sheet saved on Year group home learning page).</p>
<p>Tuesday- Listen to the piece of music called Peter and the Wolf, written by Prokofiev. Whilst listening, encourage your child to list any words that come to mind e.g elation, cheerfulness. They could also draw a picture of what they think the song represents.</p>	<p>Tuesday- Ask your child to become a shape scavenger! How many examples of different 2D and 3D shapes can they find around the home/garden? Can they create a tally and sort the shapes they find based on their properties? e.g. number of sides/edges, number of pairs of parallel lines.</p>
<p>Wednesday- Now read the story. Ask your child to write their own story that would be great told through music or draw a story map to represent this tale. Can they include speech too?</p>	<p>Wednesday- Ask your child to write their name in capital letters and see how many angles they can see in each letter. How many right angles? How many acute and obtuse angles? Repeat for other family names.</p>
<p>Thursday- Your child can make a mini-book about the instrument families. Include: names of instruments within that family, famous musicians who use them, country of origin and labelled illustrations.</p>	<p>Thursday- Last week your child wrote a times table song. Ask your child to rehearse their song but this time incorporate a beat using a musical instrument (see below).</p> <p>Find Your Way Maths sheet – add numbers together as you move through the grid. (Maths sheet saved on Year group home learning page).</p>

Friday- Invent a new instrument. Ask your child to write a fact file about their instrument or design an advert for when the instrument goes on sale.

Friday- Practise multiplying multiples of 10 using known facts and place value, e.g. $70 \times 3 = 210$, I also know that $3 \times 70 = 210$.

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about music. Learning may focus on famous musicians, listening to and performing music and exploring a range of music genres and instruments.

- **Lean On Me -** Encourage your child to listen to [Lean On Me](#), a Soul/Gospel song by Bill Withers. Do they like it? What instruments can they hear? Can they clap a rhythm? Learn to sing the lyrics and have a go at performing the song. Perhaps your child would like to research this famous artist in more detail and listen to more of his songs, creating an artist profile complete with portrait sketch. Perhaps they could perform the song to a family member via Facetime (with adult supervision)? Share your performance at [#TheLearningProject](#).
- **Musical Makes -** Ask your child to try creating their own music instrument. They could make their own pan flute using straws, a cereal box guitar, or some tin can drums. Encourage them to plan their design first, source materials from around the house, write the steps to make the product and then evaluate it afterwards. Or they could research Kandinsky and create their own instrument art inspired by his work whilst listening to different genres of music.
- **Feel the Beat -** Why not ask your child to have a go at moving their body to different genres of music. As you change between Rock, Jazz, Hip Hop, Heavy Metal and Classical music, how does the way they move their body change? Have a dance together to the beat of the music! **Recommendation at least 2 hours of exercise a week.**
- **Listen Together -** Encourage your child to ask each family member what their favourite song is. Play the song aloud and listen together. Spend some time as a family discussing what genre of music the songs belong to and how each piece of music makes you feel. Which genres of music were the most popular? Can your child represent their results in a bar chart. They could ask family members to rank their favourite genres of music first.
- **Musical Movie Time -** Allow your child to choose an age-appropriate musical to watch. Andrew Lloyd Webber is now posting filmed versions of his shows on his YouTube channel [The Shows Must Go On!](#) each week! Discuss the story behind the musical and ask your child to step into the shoes of different characters and imagine how they are feeling. Which is your child's favourite song from the film/show and why? Can they create a billboard poster advertising the show? Or perhaps design a ticket?
- **My Happy Mind -** If you haven't already downloaded the app, here is the link to register at: myhappymind.org/parents.
- **Spanish-** There is a PDF saved onto our Y3 Home learning page with lots of activities for the Summer Term that we cover in Spanish. We hope that you enjoy!

STEM Learning Opportunities [#sciencefromhome](#)

Making Instruments

- You will need a jar/bottle, some water and a pencil. Try tapping the side of an empty container with a pencil. What type of sound does it make? Partially fill the container with water, tap the container again. Has the sound changed? Try filling the container with different amounts of water. Can you play a tune? Look [here](#).
- Now try making a straw oboe. All you need is a drinking straw and some scissors. Cut the end of the straw into an arrow shape and blow gently. Once you get a duck type sound try altering the length of the straw. What do you notice?

- For more ideas take a look at the full resources [here](#).

Additional learning resources parents may wish to engage with

- [BBC Bitesize](#) - Lots of videos and learning opportunities for all subjects.
- [Classroom Secrets Learning Packs](#) - Reading, writing and maths activities for different ages.
- [Twinkl](#) - Click on the link and sign up using your email address and creating a password. Use the offer code UKTWINKLHELPS.
- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Times Table Rockstars](#). Your child can access both of these programmes with their school logins. On Times Table Rockstars, children should aim to play Soundcheck for 20 minutes daily.
- IXL online. Click here for [Year 3](#). There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs](#). Take a look at the mastery mathematics home learning packs with a range of different activities and lessons.
- [Y3 Talk for Writing Home-school Booklets](#) are an excellent resource to support your child's speaking and listening, reading and writing skills.

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above. Equally, if the projects are too challenging, then we advise that your child accesses the projects for the key stage below.

#TheLearningProjects in collaboration with
