Miss Suzanne Fildes, BA (Hons) PGCE

### Canon Burrows C of E Primary School Special Educational Needs and Disability Register

The Special Educational Needs and Disability (SEND) register is the record we keep of all the children who may need additional support in their learning, because they experience some difficulties and barriers when learning.

Children can be on the SEND register for only a short time, some will need support for a few years and others will remain on it throughout their time at school.

With some children, their area of difficulty is clear. With other children the difficulty is less clear and may need more investigation. But, because they are not making expected progress, additional support needs to be put in place to best support them.

Children can be placed on the SEND register because they have difficulties in the following areas:

- Communication and interaction
- Learning and cognition
- Social, emotional and mental health
- Sensory or physical difficulties

When a child is on the SEND register, parents and carers will be invited to three meetings per year (November, March and June/July) to discuss and to be updated on the progress of their child. This is to ensure we work collaboratively with parents and carers and are providing the best support for each individual child.
