

Rules

The game is for 2 players. Each player chooses a number from each box to make a correct calculation and covers with a cube (or shades with a pencil)

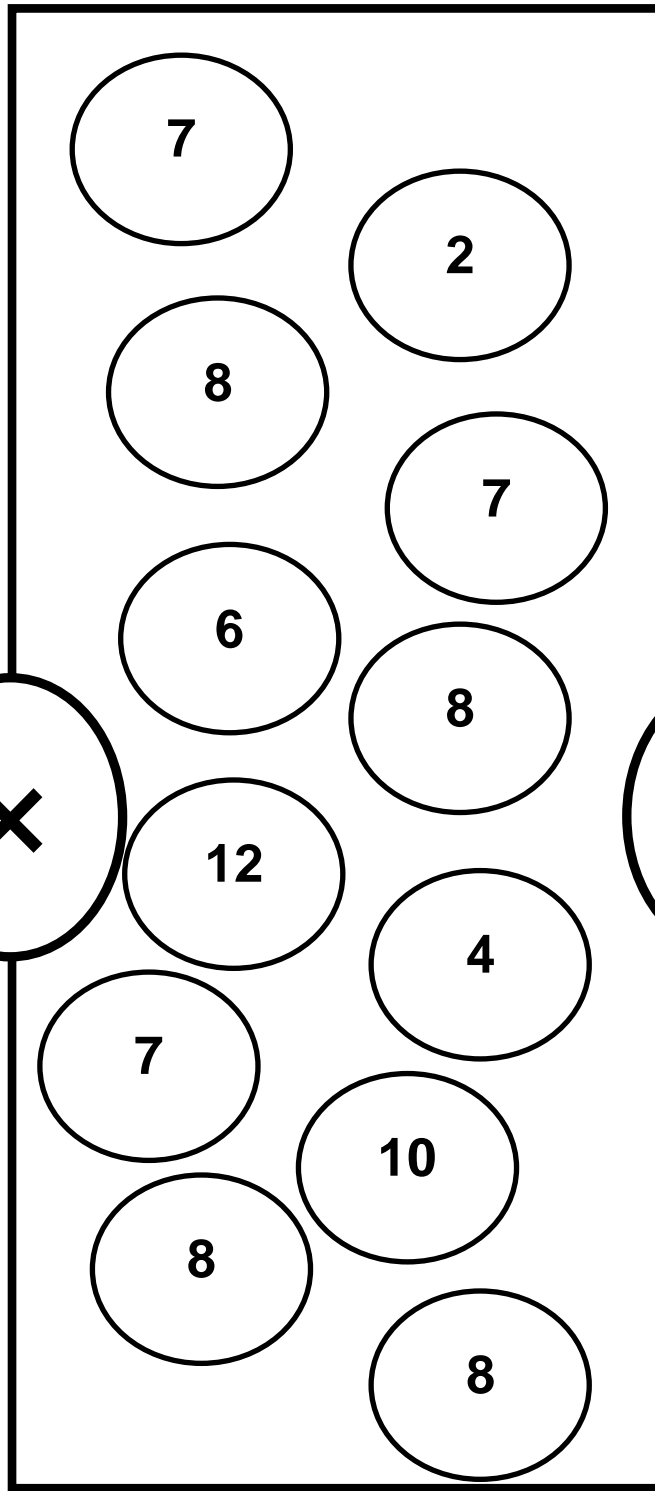

The game continues until one player can't go, meaning they lose the game.

Follow up by asking the children to find all 12 correct calculations.

| Box A | Box B | Box c |
|-------|-------|-------|
| 60 | 8 | 480 |
| 6 | 40 | 240 |
| 50 | 8 | 400 |
| 90 | 2 | 180 |
| 30 | 7 | 210 |
| 10 | 30 | 300 |
| 60 | 7 | 420 |
| 90 | 4 | 360 |
| 60 | 12 | 720 |
| 70 | 8 | 560 |
